Model 405-LCD

Portion Control Scale

Pending

The 405-LCD General Purpose Scale is ideal for industrial kitchens or food prep areas where portion control of ingredients is essential. Its 100% subtractive tare allows the operator to quickly tare off each ingredient as it is loaded on the scale. The food grade stainless steel platter is removable, making it easy-to-clean. The clear LCD backlit display makes it easy-to-read in both indoor and outdoor conditions.

The base is constructed of ABS plastic, which provides outstanding protection for daily usage and helps to lock out moisture.

The 405-LCD features selectable lb, oz, lb/oz, kg, gram, units and a 100% tare feature. With a resolution of 0.002 lb / 1 g for the 12 lb / 6 kg model and 0.005 lb / 2 g for the 30 lb / 15 kg, the 405-LCD Compact Bench Scale is accurate for any general weighing application.

A wipe-down plastic cover comes standard to protect the display, keyboard and housing from dust and food particles.

Accuracy

Within 0.04% at full load

Capacity

12 lb x 0.05 oz / 6 kg x 1 g
30 lb x 0.1 oz / 15 kg x 2 g

Power

9V 600mA power supply (included)
or four AA batteries (not included)

Display

0.65" / 16.5 mm high digit LCD backlit

Construction

ABS plastic housing with food safe
304 stainless steel weight platter

Operator Keys

Tare/Unit, On/Off/Zero
