

# Leg Spacer

## Positioning Support for Sleeping

- ➔ Helps relieve pressure and strain on lower back, knees and ankles
- ➔ Helps relax muscles
- ➔ Moves with you when you turn over
- ➔ Available in two sizes for a comfortable fit

## Treatment and Relief

The Leg Spacer is designed to provide natural alignment of the legs, hips and spine, relieving pressure and strain on lower back, hips, knees and ankles while you sleep. Pressure on the spine and nerves are reduced while circulation to lower extremities is improved.

## Comfort and Quality

The contoured design of the Leg Spacer helps the pillow stay in place and move with you. Constructed from pre-

cision cut, high quality foam covered in a white sateen fabric with subtle striping, it's an attractive addition to any bedroom or living area. Zippered cover is removable and hand washable.
