

Soft Comfort CorPak™

Hot and Cold Pack

- ➔ Helps relieve strains, sprains, headaches and soft tissue injuries
- ➔ Long lasting, nontoxic, biodegradable fill
- ➔ More fill than traditional packs to retain cold or heat longer

Natural Pain Relief

Soft Comfort CorPaks are the perfect solution to help relieve strains, sprains, headaches and other soft tissue injuries. These versatile packs can be warmed in the microwave to help relax muscle and increase blood flow or cooled in the freezer to help reduce swelling, constrict blood flow and promote healing. Soft Comfort CorPaks have more fill than traditional packs to retain cold and heat longer.

Soft and Frost-Free

Our soft, frost-free pack is gentle on skin and does not need to be wrapped in a towel. Long lasting, reusable and filled with nontoxic, biodegradable fill. Customized packs can be used as promotional giveaways for customers (call for details) or can be sold as the perfect travel hot and cold pack.

Merchandising Made Easy

Display the benefits of using hot and cold therapy with our Soft Comfort CorPak™ Display. This compact and attractive countertop display is perfect for any waiting room or store and will help you generate additional income.

The CorPak Display will educate customers on when to use hot or cold therapy and why our Soft Comfort CorPak is superior to other hot and cold packs on the market. Twelve brochures and one 18" x 24" poster are included with any display purchase to initiate discussion and sales.
