

Health o meter[®]

P r o f e s s i o n a l

Easy to Use

Smooth sliding headpiece and telescoping rod allows the user to quickly and easily read the height measurement.

Large Measurement Range

The 2" - 90" / 6 cm - 230 cm measuring range provides height readings for a wide range of patients.

Durable Construction

Aluminum height rod withstands frequent use. Rigorous laboratory tests showed that the Health o meter[®] Professional STROD lasts 2 ½ times longer than similar models.
